Granite VNA | CARING FOR NEW HAMPSHIRE SINCE 1899

Innovation in Action

Granite VNA is now using Home Care Virtual Visits to enhance care and provide a complement to traditional nursing visits.

Thanks to support from a Concord Hospital grant, two virtual visit home care nurses are offering clinical support and education to patients, families, and all of our clinical teams.

Home Care Virtual Visits is an opportunity to increase quality of healthcare by reducing hospital admissions and emergency department utilization.

It increases clinical capacity that allows for strategically scheduled in-person visits and most effective use of team member resources.

Additionally, it enhances our ability to limit infectious diseases during quarantine environments.

Over 125 years, nurses have traveled by foot, bicycle, streetcar, horsedrawn carriage, and automobile to provide home care, hospice, and community health services.

Celebrating 125 Years of Caring

It is a special year at Granite VNA as we celebrate our founding in 1899 as the Concord District Nursing Association.

Along the way, there have been many key dates. More than 30 years after the first hospice began in England, Central NH VNA & Hospice and Concord Regional VNA started providing end-of-life care. In 1994, Concord Regional VNA opened the first Hospice House in NH.

In 2020, while at the forefront of delivering care during the COVID-19 pandemic, we

developed a homebound vaccination program that became a model for other agencies in the state. The next year, the two agencies merged to form Granite VNA.

Our agency has constantly evolved to meet changing needs – from the influenza pandemic of 1918, to the AIDS epidemic of the 1980s and 90s, and today's complex healthcare. Our highly-skilled clinical teams travel thousands of miles each year, to provide home care, hospice, and wellness programs and clinics in 82 NH communities.

Tax Credits to Support Community Space

In 2023, Granite VNA was awarded \$187,500 in tax credits from the NH Community Development Authority to support updates and repairs to its Laconia office. The funds will assist with renovations to the first floor including the entryway, restrooms, and meeting space. Once completed, the roughly 1,340 sq. ft. multi-use meeting space will be used to hold preventative wellness programs and bereavement support groups.

We are grateful to the following businesses who have purchased our awarded tax credits including Associated Grocers of New England, Inc., Grappone Automotive Group, Meredith Village Savings Bank (see picture on right), and Merrimack County Savings Bank.
